TROOPS ARE ORDERED OUT

Secretary Taft Sends Them to Mexican Frontier.

BY DIRECTION OF PRESIDENT

United States Soldiers Will Endeavor to Prevent Any Violations of the Neutrality Laws—Mexico Requests Such Action Be Taken.

Washington, June 30.—By direction of President Roosevelt, Secretary of War Taft has issued orders to the commanding general of the department of Texas at San Antonio, to send a sufficient number of troops to Del Rio, El Paso and other points in Texas to aid the civil authorities in preserving order. This action was decided upon as a result of the request from the Mexican government that the United States do its utmost to prevent any violation of the neutrality laws.

The request of the Mexican government was referred to the attorney general by the department of state, and the governor of Texas in the meantime has been asked to aid in compelling obedience to the law. The order of the president sending troops to the border is understood to have been made upon the recommendation of the attorney general.

QUIET AT TORREON.

No News of Further Disorders Received in Mexico City.

City of Mexico, June 30.—No news of any sort has been received at the capital that would indicate that there had been a repetition of the disorders similar to those which occurred at the towns of Viesca and Las Vacas. On the contrary, at the departments of the interior, war and state, the report was given out that absolute quiet reigned in the region where the two small bands of malcontents had been operating.

Word from Torreon declares that the place is as quiet as any well organized city of the United States.

The entire direction of the campaign against the malcontents is under the direction of the secretary of interior, Senor Corral, who is also vice president of the republic. The government, considering the marauders common criminals, is chasing them with rurales, the mounted police of the country.

"I will say what I said at the beginning," said the vice president. "The trouble in the state of Coahuila is not a revolution, nor is it the commencement of one. A few ignorant men of the lower class have listened to the words of certain anarchistic Mexicans now residing in the United States and thereupon set about to rob, murder and pillage. Not a man of the better class has joined the ranks and their number is insignificant. They are now hiding in groups of twos, threes and fours somewhere in the wilds of Durango or Coahuila. The rurales will catch them. They will be tried as common criminals."

Foreign Minister Mariscal declared that those manifestants who infest the Rio Grande and are now on the United States soil will be extradited as common criminals.

TROOPS CALLED OUT.

Will Proceed Without Delay to the Mexican Border.

San Antonio, Tex., June 30.—By order of the war department, federal troops of the department of Texas under command of Brigadier General A. L. Meyer have been ordered to proceed without delay to the Mexican border for the purpose of preserving the neutrality law between the United States and Mexico.

Practically all of the troops in the department are now at, or on their way to Leon Springs, where the joint maneuvers are to be held, commencing July 2. The orders were forwarded and the troops will leave camp at once.

NOT A FAKE REVOLUTION.

Uprising in Mexico Is a Serious Affair.

Dallas, Tex., June 30.—Sam P. Harrison, for the past five years a resident of Blanco, a small town about thirty miles from Ciudad Porfirio Diaz, arrived in Dallas with his family en route east to visit relatives. Mr. Harrison said regarding the disturbance in Mexico:

"That is not a fake revolution. It is a dead earnest affair. I am inclined to think that the soldiers of the president are aiding and abetting the revolutionists. I personally know that the

president is greatly worried. It is my opinion that the Mexican army is honeycombed with revolutionists."

Asked his opinion of the ability of President Diaz to cope with the situation, Mr. Harrison replied that he believed the president would manage the affair.

"But when he is dead," added Mr. Harrison, "and that will not be very long now, as the president is getting old, the Diaz regime will be at an end. There are those who are grooming the son of the president, now a major in the Mexican army, to succeed his father. I do not believe he will ever be selected for the office. When Diaz dies, I look for a general uprising and the revolutionary element will take the lead in affairs."

Five Persons Drowned.

Wellington, Kan., June 30.—Five persons are known to have been drowned and a number are missing as a result of the overflowing of Hargis creek, east of this place, which was caused by a cloudburst north of here. The known drowned are: Mrs. Shirley Sherman, a young married woman, washed from the top of her house; Mrs. Edward West, Mrs. Sherman, a baby daughter of a Santa Fe engineer named Hurst and an unknown negro.

NOT GOING TO DENVER.

But Governor Johnson Will Be Represented There.

Des Moines, Ia., June 30.—"I am not going to Denver," said Governor Johnson of Minnesota in an interview here. "The story was given out that I would be there, but it is not true. I propose to tend to my own knitting and run the state of Minnesota in the best possible way, and do a little chautauqua work on the side. However, I will be represented at Denver. Mr. Day, Mr. Myers and other good political and personal friends of mine will be there. They will attend to my interests, if you choose to call it interests."

"If Bryan is the choice of the convention will you seek recognition from the national party by agreeing to accept the vice presidential nomination?"

"No. No," he said, hurriedly. "I am a candidate for the presidential nomination of my party. If I do not get it I am not a candidate for anything else. My friends strictly understand this point. They know conclusively that I do not seek other than the nomination for the first place."

"It is up to the party. If they think I can add strength to the ticket as presidential nominee then I am ready to exert the best leadership that I possibly can to put the party into national power."

Mr. Johnson addressed the chautauqua assembly here.

EDUCATORS IN SESSION.

Programme of National Association Is Varied.

Cleveland, O., June 30.—The largest and most varied programme in the history of the National Educational association marked the opening of the forty-sixth annual convention of the organization, which began a five-days' session here. Thousands of delegates were kept busy taking part in the events.

The first session in connection with the convention was a meeting of the national council. This was followed by a meeting of the directors, where the financial reports were made and resolutions adopted. One of the interesting features of the programme, although not a part of the official convention routine, was a spelling contest between eighth grade pupils. When the scores were compiled it was found that Cleveland won with a total of only thirty-eight errors. Pittsburgh was second, New Orleans third, and Erie fourth.

Two girls, Mae Thursby of Pittsburgh and Marie Bolden of Cleveland had perfect scores. Three missed but one word. Miss Bolden is colored. When her record was announced she received repeated cheers from all parts of the big theater.

The first general session was held in conjunction with the national council; addresses of welcome were made, responses heard and Charles F. Thwing, president of Western Reserve university, Cleveland, made a report upon the "educational progress for the year."

Beaten and Robbed.

Denver, June 30.—Decoyed into a room by a friend whom he had not seen for several years, D. H. Campbell, a Denver visitor from Duluth, was beaten into insensibility and then robbed. John West, a bellboy, and John Pryor, a cowboy, were arrested on the charge of committing the assault.

VORYS TO MEET TAFT

Ohio Man Summoned to Conference in Washington.

MAY BE CHOSEN CHAIRMAN

Delegation of Politicians From Ohio Desires to Have Him Head Republican National Committee—Kellogg of Minnesota Also Mentioned.

Washington, June 30.—Secretary Taft successfully combined his official duties with politics. His diversified abilities never had a better illustration than they had from 11 a. m. until 6 p. m. At intervals during that period he discussed the most intricate problems arising in the war department and conferred with political friends and advisers respecting the most delicate affairs of the approaching political campaign.

By far the most important conference of the day in genuine interest was that which he had with a delegation representing the political organization of the Republican party in his home state of Ohio. Walter Brown, chairman of the Republican state central committee; Henry Williams, chairman of the Republican state executive committee, and N. A. Gilbert, state auditor, came to Washington to urge Secretary Taft favorably to consider Arthur I. Vorys in the selection of a national chairman.

They discussed the matter with Secretary Taft at considerable length, indicating to him that the appointment of Mr. Vorys meant much to the Republican organization in Ohio. At the conclusion of the conference, although

A. I. VORYS.

Secretary Taft did not indicate to the delegation what his intentions were, he authorized the members to telegraph Mr. Vorys requesting him to come to Washington and meet him on next Wednesday.

Secretary Taft when asked what might be the nature of his conference with Mr. Vorys replied laughingly: "Well, I fancy we shall talk some politics, even though the weather be hot."

"When will you see Mr. Hitchcock," the secretary was asked.

"I understand," he replied, "that Mr. Hitchcock is in the city, but I have not seen him and I shall not see until I am a private citizen."

Then turning to Governor Wright, Secretary Taft said smilingly: "They call Governor Wright 'general,' but that is merely a polite title. He is really a governor and after next Wednesday generals will bow to him. On Wednesday morning I have directed that all the bureau and division chiefs of the war department shall meet here to greet the new secretary of war. The army officers will be expected to appear in full uniform. That direction has been given, suggested the secretary laughingly, "in order that I make myself solid with the military vote."

Inquiry into the purpose of the recent visit to Oyster Bay of Frank B. Kellogg of Minnesota and his extended conferences with Secretary Taft and President Roosevelt have developed the conjecture that he is the person whom Secretary Taft would like to see named as chairman of the Republican national campaign committee.

Highest Skyscraper of All.

New York, June 30.—Plans for a new skyscraper which will overtop all New York's lofty buildings and the flag pole of which will pierce the sky at a greater height than the Eiffel tower in Paris, the highest structure in the world, have been filed by architects for the Equitable Life Assurance society with the building department. The projected building will be a sixty-two story structure 900 feet from the curb to the tip of the tower upon which will be stepped a flag pole 150 feet in length. The structure is to cost \$10,000,000.

JUDGE GRAY'S MANAGERS.

Pay Promised Visit to William J. Bryan at Lincoln, Neb.

Lincoln, Neb., June 30.—The managers of Judge George Gray's presidential canvass, Josiah Marvel of Delaware and J. R. Beamish of Philadelphia, arrived in Lincoln and paid a promised visit to Mr. Bryan. The gentlemen were frank in declaring they were doing no missionary work for the Nebraska candidate, but they believed Judge Gray had a chance to win, and they were working hard to that end. Their feeling for Mr. Bryan they said was cordial, but Mr. Marvel said he was sure Mr. Bryan's friends were counting on more votes than they actually had. The strength of Governor Johnson of Minnesota, Mr. Marvel thought had been underestimated, but he did not regard Governor Johnson as so serious a rival of Mr. Bryan as Judge Gray. L. J. Hanly of Wilmington, Del., will place Judge Gray in nomination, and Peter A. O'Boyle of Pittston, Pa., will second the nomination. Mr. Marvel and Mr. Beamish left for Denver, where they will establish Gray's headquarters.

Mr. Bryan also was visited by James J. Purcell and Samuel Denedry, two labor leaders of Washington, D. C., who will probably attend the Denver convention. After their visit they said they were satisfied with Mr. Bryan's attitude on the question of court injunctions and they believed a plank that would please the labor interests of the country would be made a part of the Democratic national platform.

FOR THE AMERICA'S CUP.

Sir Thomas Lipton Prepared to Challenge Again.

London, June 30.—The Field, a weekly publication, announces that Sir Thomas Lipton is prepared to challenge again for the America's cup under the following conditions:

First—That the new yacht shall be a cutter rigged and built under the present universal rule of the New York Yacht club.

Second—The New York Yacht club shall designate the size of the yacht it considers most suitable for the race. Sir Thomas Lipton, when seen at Dunoon, Scotland, said that the Field was perfectly correct. He said:

"I hope my American friends will see their way clear to meet my wishes in the interests of sport. The size of the boat is no object and I am willing to build under the universal rule. If I can get assurance that a challenge will be accepted I will issue it forthwith."

It is understood that the intention of Sir Thomas, with the New York Yacht club's permission, is to build two yachts of a class designated by that club after designs by Fife and to select the better to compete for the cup.

Offer to Sell Their Fingers.

Columbus, O., June 30.—Four Columbus men have offered a finger each for \$200 to A. C. Balloux of Wheeling, W. Va., who lost his digits in an ice cream freezer recently. He is in the hospital at East Liverpool, O., and his brother, Joseph Balloux, made the offer of \$300 a finger on the suggestion of the surgeons. The men who have offered to have their fingers cut off are Robert E. Robbins, W. E. Thompson, O. E. Masperger and a man signing himself "D" of Edward street.

Kills His Wife and Himself.

Reading, Pa., June 30.—John Marshall, aged thirty-five years, shot and killed his wife here and then himself. The tragedy was the climax to a series of domestic quarrels.

FAVORS PROHIBITION

General Weaver to Lead Fight for It at Denver.

Continues to Provoke a Large Amount of Discussion Among Democratic Party Leaders—Matter Still Under Consideration.

THE ANTI-INJUNCTION PLANK

Denver, June 30.—The fight over the anti-injunction plank in the Democratic platform is not the only struggle in which the committee on resolutions and possibly the convention itself may be involved.

It has developed that the prohibition question is to be brought to the front and that a desperate effort will be made to have a plank declaring in its favor placed in the platform. The prohibition movement will be headed by General James B. Weaver of Iowa, who demanded of the recent Democratic convention in that state that it declare in favor of prohibition. General Weaver and his followers were not successful in their efforts in their own state, but nothing daunted by their failure, have made arrangements to bring the matter up before the national Democratic convention. They claim, moreover, to have strong backing from a number of the Southern states, which have recently passed prohibition laws, and it is declared confidently by General Weaver's adherents that if the Democratic national platform does not contain a prohibition plank it will only be for the reason that the hardest kind of fighting has been unable to secure its adoption.

The anti-injunction plank continues to provoke a large amount of discussion among such party leaders as have already arrived for the convention. While opinions differ as to the exact nature of the plank which should be adopted, all are of one mind in saying that it shall be a definite and specific statement. Such members of the national committee as have discussed the matter are a unit in saying that the working of the anti-injunction plank shall leave no possible doubt in the mind of any reader as to where the party stands on this question.

Plank Not Yet Written.

It is now generally believed, however, that the anti-injunction plank will not provide for trials by jury in cases of contempt of court or favor in any way measures which might be construed as interfering with the prerogatives of the federal courts. The friends of Mr. Bryan say that such of his critics as are already expressing themselves in fear of a radical anti-injunction plank are fighting the air. The plank has not yet been written, it has not been drafted, and its form is still a matter which is under deep and careful consideration. It is said to be the desire of Mr. Bryan to consult as many of the prominent members of the party as is possible before any decisive action in formulating this resolution is taken.

The vice presidential situation remains to all appearances unchanged, although the boom of Lieutenant Governor Chanler of New York seems to have weakened somewhat and his name is not mentioned as prominently as it was two days ago. This is largely due to the announcement made by Norman E. Mack, national committee-

man from New York, that he has no authority to speak for Mr. Chanler, and that his interest in the movement was dictated by friendship and by a sincere belief that the New York official is well qualified to take second place on the ticket.

Only one new name has been mentioned as a vice presidential possibility. This was Governor George C. Chamberlain of Oregon. He is in much favor with some of the party leaders and it is stated that he will be personally acceptable to Mr. Bryan, if the latter is nominated.

The sponsors of vice presidential booms located outside of New York state claim to be generally encouraged by the fact that already five men have been mentioned as aspirants to the vice presidential nomination.

They believe with the New York delegation divided among that number of candidates an outsider has a far better chance of securing the prize than would be the case if the delegation from the Empire state were standing solidly for a single man.

Stabbed and Killed.

Marshalltown, Ia., June 30.—Cyrene Chamberlain, aged twenty-six years, was stabbed and murdered, it is alleged, by Fred Seik, a young German, at Tama. Seik, it is charged, came to the feed yard Chamberlain was managing and became insulting. Chamberlain knocked him down and threw him out, and Seik, it is alleged, stabbed Chamberlain in the neck, severing the jugular vein. The wounded man died a few hours later and Seik was arrested.

Storm Ruins Cabins.

Crookston, Minn., June 30.—A destructive windstorm is reported from the territory southwest of Greenbush, Minn., seventy miles north. Three homesteaders' cabins are reported ruined and many others are thought to have been destroyed. The bush in this region is short and the high wind, approaching in power that of a cyclone, swept everything away that appeared above the growth.

Osler After Lord Rectorship.

London, June 30.—Professor William Osler, regius professor of medicine at Oxford university, has been selected as an independent candidate for the lord rectorship of Edinburgh university. Winston Spencer Churchill, president of the board of trade, and George Wyndham, former chief secretary for Ireland, are respectively the Liberal and Conservative candidates for the office.

Boy Accused of Murder.

Kasota, Minn., June 30.—The coroner's jury which met here over the body of Russell St. John, seven years old, who was supposed to have been accidentally shot Sunday night by Robert Jardine, aged ten, found the Jardine boy guilty of willful murder and committed him to the custody of Sheriff Teaster.

Bishop Potter Ill.

Cooperstown, N. Y., June 30.—Bishop Henry C. Potter of New York is regarded by his physicians as being in a dangerous state of health. The bishop has been ill for some time with stomach and liver trouble.

The Well Bred Chicks.

Effie on her first visit to the country saw a number of chickens from the front porch of a farmhouse. The child watched the fowls for some time as they industriously scratched around. Finally she turned and ran to her mother. "Oh, mother," she cried excitedly, "come out on the porch and see the chickens wiping their feet on the grass!"—Harper's Weekly.

TROOPS ARE ORDERED OUT

Secretary Taft Sends Them to Mexican Frontier.

BY DIRECTION OF PRESIDENT

United States Soldiers Will Endeavor to Prevent Any Violations of the Neutrality Laws—Mexico Requests Such Action Be Taken.

Washington, June 30.—By direction of President Roosevelt, Secretary of War Taft has issued orders to the commanding general of the department of Texas at San Antonio, to send a sufficient number of troops to Del Rio, El Paso and other points in Texas to aid the civil authorities in preserving order. This action was decided upon as a result of the request from the Mexican government that the United States do its utmost to prevent any violation of the neutrality laws.

The request of the Mexican government was referred to the attorney general by the department of state, and the governor of Texas in the meantime has been asked to aid in compelling obedience to the law. The order of the president sending troops to the border is understood to have been made upon the recommendation of the attorney general.

QUIET AT TORREON.

No News of Further Disorders Received in Mexico City.

City of Mexico, June 30.—No news of any sort has been received at the capital that would indicate that there had been a repetition of the disorders similar to those which occurred at the towns of Viesca and Las Vacas. On the contrary, at the departments of the interior, war and state, the report was given out that absolute quiet reigned in the region where the two small bands of malcontents had been operating.

Word from Torreon declares that the place is as quiet as any well organized city of the United States.

The entire direction of the campaign against the malcontents is under the direction of the secretary of interior, Senor Corral, who is also vice president of the republic. The government, considering the marauders common criminals, is chasing them with rurales, the mounted police of the country.

"I will say what I said at the beginning," said the vice president. "The trouble in the state of Coahuila is not a revolution, nor is it the commencement of one. A few ignorant men of the lower class have listened to the words of certain anarchistic Mexicans now residing in the United States and thereupon set about to rob, murder and pillage. Not a man of the better class has joined the ranks and their number is insignificant. They are now hiding in groups of twos, threes and fours somewhere in the wilds of Durango or Coahuila. The rurales will catch them. They will be tried as common criminals." Foreign Minister Mariscal declared that those manifestants who infest the Rio Grande and are now on the United States soil will be extradited as common criminals.

TROOPS CALLED OUT.

Will Proceed Without Delay to the Mexican Border.

San Antonio, Tex., June 30.—By order of the war department, federal troops of the department of Texas under command of Brigadier General A. L. Meyer have been ordered to proceed without delay to the Mexican border for the purpose of preserving the neutrality law between the United States and Mexico.

Practically all of the troops in the department are now at, or on their way to Leon Springs, where the joint maneuvers are to be held, commencing July 2. The orders were forwarded and the troops will leave camp at once.

NOT A FAKE REVOLUTION.

Uprising in Mexico is a Serious Affair.

Dallas, Tex., June 30.—Sam P. Harrison, for the past five years a resident of Blanco, a small town about thirty miles from Ciudad Portillo Diaz, arrived in Dallas with his family en route east to visit relatives. Mr. Harrison said regarding the disturbance in Mexico:

"That is not a fake revolution. It is a dead earnest affair. I am inclined to think that the soldiers of the president are aiding and abetting the revolutionists. I personally know that the

president is greatly worried. It is my opinion that the Mexican army is honeycombed with revolutionists."

Asked his opinion of the ability of President Diaz to cope with the situation, Mr. Harrison replied that he believed the president would manage the affair.

"But when he is dead," added Mr. Harrison, "and that will not be very long now, as the president is getting old, the Diaz regime will be at an end. There are those who are grooming the son of the president, now a major in the Mexican army, to succeed his father. I do not believe he will ever be selected for the office. When Diaz dies, I look for a general uprising and the revolutionary element will take the lead in affairs."

Five Persons Drowned.

Wellington, Kan., June 30.—Five persons are known to have been drowned and a number are missing as a result of the overflowing of Hargis creek, east of this place, which was caused by a cloudburst north of here. The known drowned are: Mrs. Shirley Sherman, a young married woman, washed from the top of her house; Mrs. Edward West, Mrs. Sherman, a baby daughter of a Santa Fe engineer named Hurst and an unknown negro.

NOT GOING TO DENVER.

But Governor Johnson Will Be Represented There.

Des Moines, Ia., June 30.—"I am not going to Denver," said Governor Johnson of Minnesota in an interview here. "The story was given out that I would be there, but it is not true. I propose to tend to my own knitting and run the state of Minnesota in the best possible way, and do a little chautauqua work on the side. However, I will be represented at Denver. Mr. Day, Mr. Myers and other good political and personal friends of mine will be there. They will attend to my interests, if you choose to call it interests."

"If Bryan is the choice of the convention will you seek recognition from the national party by agreeing to accept the vice presidential nomination?"

"No. No," he said, hurriedly. "I am a candidate for the presidential nomination of my party. If I do not get it I am not a candidate for anything else. My friends strictly understand this point. They know conclusively that I do not seek other than the nomination for the first place."

"It is up to the party. If they think I can add strength to the ticket as presidential nominee then I am ready to exert the best leadership that I possibly can to put the party into national power."

Mr. Johnson addressed the chautauqua assembly here.

EDUCATORS IN SESSION.

Programme of National Association Is Varied.

Cleveland, O., June 30.—The largest and most varied programme in the history of the National Educational association marked the opening of the forty-sixth annual convention of the organization, which began a five-days' session here. Thousands of delegates were kept busy taking part in the events.

The first session in connection with the convention was a meeting of the national council. This was followed by a meeting of the directors, where the financial reports were made and resolutions adopted. One of the interesting features of the programme, although not a part of the official convention routine, was a spelling contest between eighth grade pupils. When the scores were compiled it was found that Cleveland won with a total of only thirty-eight errors. Pittsburg was second, New Orleans third, and Erie fourth.

Two girls, Mae Thursby of Pittsburg and Marie Bolden of Cleveland had perfect scores. Three missed but one word. Miss Bolden is colored. When her record was announced she received repeated cheers from all parts of the big theater.

The first general session was held in conjunction with the national council; addresses of welcome were made, responses heard and Charles F. Thwing, president of Western Reserve university, Cleveland, made a report upon the "educational progress for the year."

Beaten and Robbed.

Denver, June 30.—Decoyed into a room by a friend whom he had not seen for several years, D. H. Campbell, a Denver visitor from Duluth, was beaten into insensibility and then robbed. John West, a bellboy, and John Pryor, a cowboy, were arrested on the charge of committing the assault.

VORYS TO MEET TAFT

Ohio Man Summoned to Conference in Washington.

MAY BE CHOSEN CHAIRMAN

Delegation of Politicians From Ohio Desires to Have Him Head Republican National Committee—Kellogg of Minnesota Also Mentioned.

Washington, June 30.—Secretary Taft successfully combined his official duties with politics. His diversified abilities never had a better illustration than they had from 11 a. m. until 6 p. m. At intervals during that period he discussed the most intricate problems arising in the war department and conferred with political friends and advisers respecting the most delicate affairs of the approaching political campaign.

By far the most important conference of the day in genuine interest was that which he had with a delegation representing the political organization of the Republican party in his home state of Ohio. Walter Brown, chairman of the Republican state central committee; Henry Williams, chairman of the Republican state executive committee, and N. A. Gilbert, state auditor, came to Washington to urge Secretary Taft favorably to consider Arthur I. Vorys in the selection of a national chairman.

They discussed the matter with Secretary Taft at considerable length, indicating to him that the appointment of Mr. Vorys meant much to the Republican organization in Ohio. At the conclusion of the conference, although

A. I. VORYS.

Secretary Taft did not indicate to the delegation what his intentions were, he authorized the members to telegraph Mr. Vorys requesting him to come to Washington and meet him on next Wednesday.

Secretary Taft when asked what might be the nature of his conference with Mr. Vorys replied laughingly: "Well, I fancy we shall talk some politics, even though the weather be hot."

"When will you see Mr. Hitchcock," the secretary was asked. "I understand," he replied, "that Mr. Hitchcock is in the city, but I have not seen him and I shall not see until I am a private citizen."

Then turning to Governor Wright, Secretary Taft said smilingly: "They call Governor Wright 'general,' but that is merely a polite title. FAVORS PROHIBITION

General Weaver to Lead Fight for It at Denver.

THE ANTI-INJUNCTION PLANK

Continues to Provoke a Large Amount of Discussion Among Democratic Party Leaders—Matter Still Under Consideration.

Denver, June 30.—The fight over the anti-injunction plank in the Democratic platform is not the only struggle in which the committee on resolutions and possibly the convention itself may be involved.

It has developed that the prohibition question is to be brought to the front and that a desperate effort will be made to have a plank declaring in its favor placed in the platform. The prohibition movement will be headed by General James B. Weaver of Iowa, who demanded of the recent Democratic convention in that state that it declare in favor of prohibition. General Weaver and his followers were not successful in their efforts in their own state, but nothing daunted by their failure, have made arrangements to bring the matter up before the national Democratic convention. They claim, moreover, to have strong backing from a number of the Southern states, which have recently passed prohibition laws, and it is declared confidently by General Weaver's adherents that if the Democratic national platform does not contain a prohibition plank it will only be for the reason that the hardest kind of fighting has been unable to secure its adoption.

The anti-injunction plank continues to provoke a large amount of discussion among such party leaders as have already arrived for the convention. While opinions differ as to the exact nature of the plank which should be adopted, all are of one mind in saying that it shall be a definite and specific statement. Such members of the national committee as have discussed the matter are a unit in saying that the working of the anti-injunction plank shall leave no possible doubt in the mind of any reader as to where the party stands on this question.

Plank Not Yet Written.

It is now generally believed, however, that the anti-injunction plank will not provide for trials by jury in cases of contempt of court or favor in any way measures which might be construed as interfering with the prerogatives of the federal courts. The friends of Mr. Bryan say that such of his critics as are already expressing themselves in fear of a radical anti-injunction plank are fighting the air. The plank has not yet been written, it has not been drafted, and its form is still a matter which is under deep and careful consideration. It is said to be the desire of Mr. Bryan to consult as many of the prominent members of the party as is possible before any decisive action in formulating this resolution is taken.

The vice presidential situation remains to all appearances unchanged, although the boom of Lieutenant Governor Chanler of New York seems to have weakened somewhat and his name is not mentioned as prominently as it was two days ago. This is largely due to the announcement made by Norman E. Mack, national committee-

man from New York, that he has no authority to speak for Mr. Chanler, and that his interest in the movement was dictated by friendship and by a sincere belief that the New York official is well qualified to take second place on the ticket.

Only one new name has been mentioned as a vice presidential possibility. This was Governor George C. Chamberlain of Oregon. He is in much favor with some of the party leaders and it is stated that he will be personally acceptable to Mr. Bryan, if the latter is nominated.

The sponsors of vice presidential booms located outside of New York state claim to be generally encouraged by the fact that already five men have been mentioned as aspirants to the vice presidential nomination.

They believe with the New York delegation divided among that number of candidates an outsider has a far better chance of securing the prize than would be the case if the delegation from the Empire state were standing solidly for a single man.

Stabbed and Killed.

Marshalltown, Ia., June 30.—Cyrene Chamberlain, aged twenty-six years, was stabbed and murdered, it is alleged, by Fred Seik, a young German, at Tama. Seik, it is charged, came to the feed yard Chamberlain was managing and became insulting. Chamberlain knocked him down and threw him out, and Seik, it is alleged, stabbed Chamberlain in the neck, severing the jugular vein. The wounded man died a few hours later and Seik was arrested.

Storm Ruins Cabins.

Crookston, Minn., June 30.—A destructive windstorm is reported from the territory southwest of Greenbush, Minn., seventy miles north. Three homesteaders' cabins are reported ruined and many others are thought to have been destroyed. The bush in this region is short and the high wind, approaching in power that of a cyclone, swept everything away that appeared above the growth.

Osler After Lord Rectorship.

London, June 30.—Professor William Osler, regius professor of medicine at Oxford university, has been selected as an independent candidate for the lord rectorship of Edinburgh university. Winston Spencer Churchill, president of the board of trade, and George Wyndham, former chief secretary for Ireland, are respectively the Liberal and Conservative candidates for the office.

Boy Accused of Murder.

Kasota, Minn., June 30.—The coroner's jury which met here over the body of Russel St. John, seven years old, who was supposed to have been accidentally shot Sunday night by Robert Jardine, aged ten, found the Jardine boy guilty of willful murder and committed him to the custody of Sheriff Teaster.

Bishop Potter Ill.

Cooperstown, N. Y., June 30.—Bishop Henry C. Potter of New York is regarded by his physicians as being in a dangerous state of health. The bishop has been ill for some time with stomach and liver trouble.

The Well Bred Chick.

Effie on her first visit to the country saw a number of chickens from the front porch of a farmhouse. The child watched the fowls for some time as they industriously scratched around. Finally she turned and ran to her mother. "Oh, mother," she cried excitedly, "come out on the porch and see the chickens wiping their feet on the grass!"—Harper's Weekly.

John Dinwiddie, Prop. Garrison,
Minn.

Returned the Plate.
A starved and ragged lad wandered
for hours about the Liverpool docks in
search of work. He had not tasted
food since the morning.
A vessel came into dock late in the
day, and the cook, seeing the boy, in-
vited him to warm himself and dry his
rags at the galley fire.
He then gave the boy a large piece of
pork upon a ship's biscuit, which is as
hard as a board, and the famished lad
ran off to tell his mother, who sold
matches near by, of his good luck.
In a short time he returned with the
biscuit wrapped in paper and said:
"Mother thanks you, sir, for the pork
and is much obliged to you for the loan
of the plate."—Liverpool Mercury.

county delegation to the republican
state convention went down to St. Paul
this morning. Among those who went
were A. J. Halsted, F. H. Gruenhagen,
John Larson, Mons Mahlum, Archie
Purdy and C. A. Allbright. R. R.
Wise, A. D. Polk, Dr. Thabes and Sen-
ator Alderman went down this after-
noon.

Grass Catchers, 35c at Hoffman's.

The three best made, Paragon, Ocean
Wave and O. K. washing machines.
D. M. Clark & Co. 277tf

In the first of a series of five games
to determine their superiority, Camp
Laughlot, composed of Brainerd ball
tossers, defeated the Nisswa club by a
score of 5 to 2, at Nisswa yesterday.
The Brainerd boys played clean and ex-
cellent ball throughout the game, while
Nisswa put up a fair game. Batteries
—Camp Laughlot, Mills and Temple-
ton; Nisswa, C. Sewell and E. Sewell.
They play the next game tomorrow.

D. M. Clark & Co. have received
their new spring line of lace curtains
and draperies. 263tf

Considerable anxiety was felt Mon-
day for the safety of Mr. and Mrs.
Herman Stade and his mother and sis-
ter. They had been up the river in a
motor boat Sunday and George Whit-
ney and a party in his boat left them
above a bad stretch of water that even-
ing, Mr. Stade saying that he would
wait until the wind went down a little.
When they did not show up by the mid-
dle of the forenoon Monday some of his
fellow machinists started up the river
to look for signs of them. The boat
was found tied to the bank and the
party returned to town. Mr. Stade
and his party arrived later in the day
having spent the night and part of
Monday at a farm house.

Notice

All Barber shops will be closed Sat-
urday, July, 4th. All shops will be
open Friday, July 3rd., until 11 P. M.

Economical Ingenuity.

There was a traveler in Arizona once
in the long ago days who displayed
some wonderful economical ingenuity.
You have heard, no doubt, of the feat.
The traveler and his dog were lost
and hungry on the plains. Night fell.
It looked as though both must go sup-
perless to bed. But the ingenious trav-
eler cut off the dog's tail, made a nu-
tritious soup of it and gave the hungry
animal the bone.

Attel and Baldwin Fight.

New York, June 30.—Abe Attel of
San Francisco and Matty Baldwin
fought six fast rounds before the
Grand Union Athletic club. At the
end both men were on their feet and
on points the battle was a fairly even
one.

Brilliant Venus.

When she is at her brightest Venus
is so bright that if you knew where in
the sky to look for her you could easily
see her in the daytime, and at night
she sheds so much light that where
other lighting is excluded she will cast
a plain shadow. She is about five times
as bright as Jupiter ever gets, ten times
as bright as Sirius, the largest of the
fixed stars, and a hundred times as
bright as the ordinary first magnitude
stars. Her reign is, however, short, for,
as she makes three revolutions to the
earth's two, she rapidly passes us and
begins to fade away.

As She Understood It.
Little Ethel is one of those bright
children who make the lives of their
parents and teachers a burden. She
recently paid her first visit to the kin-
dergarten school. When she got home
her mother asked her how she got on.
"It was awfully nice," was little
Ethel's enthusiastic response. "The
teacher, Miss Brown, told me if I was
a good girl I would grow up into a
pretty lady, but if I was naughty I
would grow up into an ugly one."
Her mother saw a chance of "point-
ing a moral," so she said:
"Yes, dear; that is quite true."
Little Ethel sat in silent thought for
a few minutes. Then she burst out:
"Then what a wicked little girl Miss
Brown must have been!"

The Elephant's Feet.
Accustomed to the dry climate of the
Indies, the elephants imported to tem-
perate and rainy countries are subject
to many diseases of the flesh and skin
to which the veterinary surgeons of
national and municipal zoological gar-
dens are compelled to give the closest
watch. The smallest scratch on the
sole of an elephant's foot is apt to be-
come serious unless immediately treat-
ed with an antiseptic, and the horned
substance of the feet, not being ex-
posed to the wear produced by roam-
ing through a wilderness, grows in
captivity as rapidly as the finger nails
of a human being. The veterinary sur-
geon trims these nails or horned sub-
stances with a chisel and mallet.

No Secrets

candidacy for superintendent of schools.

See Bane's Meat Ad.

Mrs. J. O. Milne, and daughter, of
Duluth, were in the city today on their
way to Little Falls to visit a son and
brother.

Improved Dairy Farms

\$12 to \$20 per acre, 4 to 16 miles
from Brainerd for the best land for
the dairying business in the
United States. Hay, Corn fodder
and Clover are as easily and abund-
antly raised here as where land
sells \$200 per acre. Can you get
better feed than this or find a bet-
ter market for cream than at the
Midway City of Brainerd?

Hiram Gilson, Agent
Miracle Block

J. T. Doran, of Minneapolis, has been
combining business in this city with a
visit with his parents, Mr. and Mrs.
Dan Doran.

There are several handsome Fourth
of July windows, among them being
those in the stores of Fred Luken and
A. D. Peterson.

Rubber Roofing, per square \$1.50 at
Hoffman's. 10tf

Henry Sathres has purchased another
fine Jersey cow, this one near Ft.
Ripley, and shipped it to his farm near
Fergus Falls today.

Misses Mayme and Vivian Reilly have
returned from Minneapolis where they
went a short time ago to attend the
wedding of a relative.

Does baby want a go-cart? We have
what you want. D. M. Clark & Co.
277tf

Wanted, young man for agency of
Twin City papers—good commission,
small bond required. Call for Geo.
Johnson, Ransford hotel.

Beef cut from two to three cents a
pound at Baker's. 16tf

Division Commander Harrison, of the
Sons of Veterans, came down from Ait-
kin today to meet the boys tonight and
try to reorganize the camp.

J. B. Noble, carpenter at the Indian
agency at Onigum, was in Brainerd to-
day on his way home from a visit to
the homes of his daughters in Wiscon-
sin.

Velocipedes, express wagons, air
guns and rifles. D. M. Clark & Co.
277tf

W. H. and G. W. Morcomb, of
Winona county, are visiting friends in
Long Lake, and looking over Crow
Wing county lands with a view to pur-
chasing.

TO MOTHERS

Who used Occident Flour. If your
boy did not yet get a cap, kindly
give him an order for one.
ALBERT ANGEL

The boy's committee of the Y. M. C.
A. will meet at the Y. M. C. A. build-
ing at 7:30 sharp this evening to con-
sider more fully the matter of the
Boy's Camp.

2 Boxes 22 Cartridges, 25c at Hoff-
man's. 10tf

T. G. Butler, of Pequot, C. W. Ladu,
of Walker and Sheriff Bailey, of Be-
midji, were in the city today on their
way to St. Paul to attend the republi-
can state convention.

There will be a meeting at the shop
of A. E. Veon, Laurel street, tonight,
to take steps to reorganize the Sons of
Veterans. All sons of old soldiers are
requested to be present.

Attention sportsmen! We have a
full new line of trap shells, no left
overs. D. M. Clark & Co. 277tf

The Fourth of July committee is
called to meet in a special and final
session tonight at 8 p. m. Let all be
present as matters of importance must
be acted and settled upon.

cious. We have the agency. Order a
case. Telephone 164 John Coates Liquor
Co. tf

Air Rifles, 50c, at Hoffman's. 10tf

Rev. Kirk and Mrs. Charlotte Gu-
maer went to Duluth this afternoon to
represent the People's church at the
Duluth conference of Congregational
churches which convenes there tonight.

See Bane's Meat Ad.

Mrs. R. J. Johnstone and daughter,
of Winnipeg, are guests at the homes
of Wm. Johnstone and W. A. M.
Johnstone, being on their way home
from a six months trip through the
east.

Rev. Dr. Moorehouse and Christian
Bruhn went to Duluth this morning to
attend the Duluth conference of Cong-
regational churches which convenes in
that city this evening. Dr. Moore-
house will preach the opening sermon
of the conference this evening.

Wagon Umbrellas, \$1.50 at Hoffman's
D. M. Clark & C. the largest in
stallment house in the city. Goods
sold on small payments. 263tf

Mrs. J. W. Lichteiter and Mrs. C. A.
Lichteiter, of Lincoln, Neb., were in
the city today on their way to Deer-
wood to visit at the homes of C. W.
Adams and "Dad" Lichteiter. The
latter came to Brainerd, accompanied
by Miss Ruth Adams, to meet them.

A merry party of young ladies com-
posed of Geraldine Fleming, Hilde-
garde Snyder, Winifred Wright and
Bessie Wieland, of this city, and Miss
Florence Webb, of Duluth, went to
Parkerville this afternoon with Miss
Irma Parker, to be her guests for a
few days.

Seythe Snaths, 50c at Hoffman's.

Lawn Mowers, \$2.50 at Hoffman's.

A large number of the Crow Wing
county delegation to the republican
state convention went down to St. Paul
this morning. Among those who went
were A. J. Halsted, F. H. Gruenhagen,
John Larson, Mons Mahlum, Archie
Purdy and C. A. Allbright. R. R.
Wise, A. D. Polk, Dr. Thabes and Sen-
ator Alderman went down this after-
noon.

Grass Catchers, 35c at Hoffman's.

The three best made, Paragon, Ocean
Wave and O. K. washing machines.
D. M. Clark & Co. 277tf

In the first of a series of five games
to determine their superiority, Camp
Laughlot, composed of Brainerd ball
tossers, defeated the Nisswa club by a
score of 5 to 2, at Nisswa yesterday.
The Brainerd boys played clean and ex-
cellent ball throughout the game, while
Nisswa put up a fair game. Batteries
—Camp Laughlot, Mills and Temple-
ton; Nisswa, C. Sewell and E. Sewell.
They play the next game tomorrow.

D. M. Clark & Co. have received
their new spring line of lace curtains
and draperies. 263tf

Considerable anxiety was felt Mon-
day for the safety of Mr. and Mrs.
Herman Stade and his mother and sis-
ter. They had been up the river in a
motor boat Sunday and George Whit-
ney and a party in his boat left them
above a bad stretch of water that even-
ing, Mr. Stade saying that he would
wait until the wind went down a little.
When they did not show up by the mid-
dle of the forenoon Monday some of his
fellow machinists started up the river
to look for signs of them. The boat
was found tied to the bank and the
party returned to town. Mr. Stade
and his party arrived later in the day
having spent the night and part of
Monday at a farm house.

Economical Ingenuity.

There was a traveler in Arizona once
in the long ago days who displayed
some wonderful economical ingenuity.
You have heard, no doubt, of the feat.
The traveler and his dog were lost
and hungry on the plains. Night fell.
It looked as though both must go sup-
perless to bed. But the ingenious trav-
eler cut off the dog's tail, made a nu-
tritious soup of it and gave the hungry
animal the bone.

Attel and Baldwin Fight.

New York, June 30.—Abe Attel of
San Francisco and Matty Baldwin
fought six fast rounds before the
Grand Union Athletic club. At 11
and both men were on their feet and
on points the battle was a fairly even
one.

Brilliant Venus.

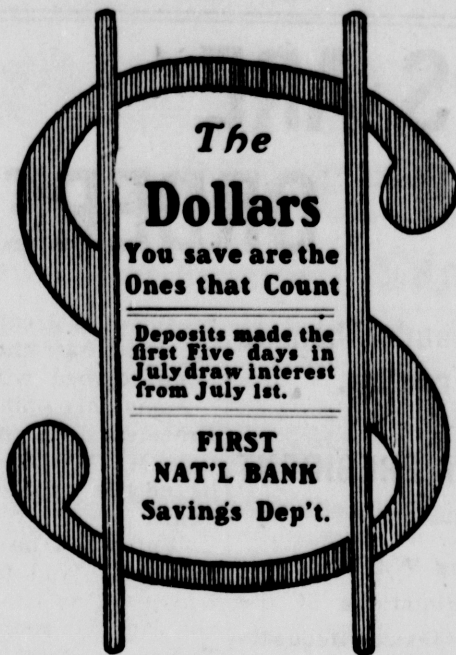

When she is at her brightest Venus
is so bright that if you knew where in
the sky to look for her you could easily
see her in the daytime, and at night
she sheds so much light that where
other lighting is excluded she will cast
a plain shadow. She is about five times
as bright as Jupiter ever gets, ten times
as bright as Sirius, the largest of the
fixed stars, and a hundred times as
bright as the ordinary first magnitude
stars. Her reign is, however, short, for,
as she makes three revolutions to the
earth's two, she rapidly passes us and
begins to fade away.

As She Understood It.

Little Ethel is one of those bright
children who make the lives of their
parents and teachers a burden. She
recently paid her first visit to the kin-
dergarten school. When she got home
her mother asked her how she got on.
"It was awfully nice," was little
Ethel's enthusiastic response. "The
teacher, Miss Brown, told me if I was
a good girl I would grow up into a
pretty lady, but if I was naughty I
would grow up into an ugly one."
Her mother saw a chance of "point-
ing a moral," so she said:
"Yes, dear; that is quite true."
Little Ethel sat in silent thought for
a few minutes. Then she burst out:
"Then what a wicked little girl Miss
Brown must have been!"

The Elephant's Feet.

Accustomed to the dry climate of the
Indies, the elephants imported to tem-
perate and rainy countries are subject
to many diseases of the flesh and skin
to which the veterinary surgeons of
national and municipal zoological gar-
dens are compelled to give the closest
watch. The smallest scratch on the
sole of an elephant's foot is apt to be-
come serious unless immediately treat-
ed with an antiseptic, and the horned
substance of the feet, not being ex-
posed to the wear produced by roam-
ing through a wilderness, grows in
captivity as rapidly as the finger nails
of a human being. The veterinary sur-
geon trims these nails or horned sub-
stances with a chisel and mallet.

WILL CLOSE BRIDGE FOR FIREWORKS

Council Orders East Brainerd Bridge Closed During Fire-Works July Fourth

SEVERAL LICENSES GRANTED

Others Were Held up by Council on Advice of City Attorney M. E. Ryan

When President Johnson called the city council together in adjourned session Monday night all of the members were present except Alderman Bouck and Farrar who came in a few minutes later.

M. E. Ryan, the newly elected city attorney was on hand with a box of cigars and Mayor Wise came in a few minutes later.

An application from Geo. Donant, for the position of engineer for the steam roller was referred to the street committee.

A communication from Ed. Cullen asking for permission to move a house from lot 6 block 78, to lot 20 block 80, or across North Ninth Street, and also to put a stairway in the sidewalk on Seventh street to reach the basement of his block now under construction, was received. Permission was granted to move the house, and no action was taken on the other matter the council having no right to grant the permission, such stairways being prohibited by ordinance.

The application of J. C. Jamieson for a liquor license accompanied by a surety bond was presented. City Attorney Ryan took the ground that there should be but one surety bond permitted from the same company, saying that while the case had not been passed upon by the supreme court, yet two district judges had so held. The mayor and president of the council took issue with the attorney, who stated that he did not care whether the council accepted the bond, but that it was his duty to tell them the law. Should action be brought on the bond he believed the surety company would set up as a defense that the bond was illegal and therefore not binding on them. The council, however, accepted the bond. The application of Henry Grossman for license was also accepted, a surety bond being furnished.

The application of George Donant for permission to transfer his liquor license

BANE'S Busy Corner

Corner 7th and Laurel St. Walker Bldg

to Freeman Young was laid over, the bond of Mr. Young with T. C. Blewett and Charles Hughes as sureties not being properly executed.

The city attorney read to the council the provisions of Sec. 1529 of the revised statutes of 1905, concerning the giving of licenses to any person who had been convicted of violation of the liquor laws within one year, and the provision that made members of the city council liable for a misdemeanor if they voted for granting such a license, or being present failed to vote against it. As a result the application of P. M. Johnson, who was one of those caught in the drag net a short time ago, was not presented to the council.

The application of the John Coates Liquor company, with a surety company bond, was also granted.

Alderman Twohey called attention to the fact that several bridges had been ordered repaired but it had not been done. Alderman Fogelstrom stated that he had his pile driver hauled to the river bridge and would begin work at once.

Alderman Fogelstrom presented a verbal offer from Joe St. Peter to do the stone crushing for \$3 per ton the city to furnish machinery and power. Alderman Farrar thought that the matter should be under the charge of the street commissioner and there should be but one head. After considerable discussion the matter was left in the hands of the street commissioner and street committee.

A communication was received from W. E. Dodge, general counsel for the Northwestern Port Huron Co., regarding the steam roller, and practically demanding immediate payment on threat of suit. The letter was referred to the city attorney.

A request that the block on Holly street, between Fourth and Fifth streets, which was recently curbed by the property owners, be graded, was referred to the street committee with power to act.

The application of Archie Purdy for permission to place curb around his property at the corner of Seventh and Oak was laid on the table for one week to permit of the introduction of a resolution fixing the width of Seventh and other streets on the south side.

R. A. Henning appeared in behalf of the fire works committee of the Fourth of July celebration and asked that the city take some action which would prevent the overloading of the east Brainerd bridge during the fireworks on the evening of the Fourth, which it was the intention of the committee to set off off the bank of the ravine on the north side of bridge. After due consideration the council ordered the street commissioner to close the bridge at 8:30 p. m. on that evening and Mayor Wise agreed to have several policemen on hand to keep the crowds off the bridge until 11 o'clock, no one to be permitted to cross during that time except doctors' rigs and fire team.

Alderman Twohey brought up the matter of a vacation for the members of the police force, believing that as they had to be on duty seven days in a week they were entitled to two weeks off without loss of pay. Mayor Wise said that should only apply to policemen who had been on duty a year or more. Alderman Drexler and Fogelstrom thought there was no reason why they should be paid for time they did not put in. The matter was finally referred to the street committee with instructions to report at next meeting.

The council then adjourned.

Bucklin's Arnica Salve Wins.

Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I applied Bucklin's Arnica Salve. Less than half of a 25 cent box won the day for me by affecting a perfect cure." Sold under guarantee at H. P. Dunn's Drug store. tts

Steers Down Town

"Mr. Holder created a hit last evening when he appeared on the streets of the down town district with his band wagon drawn by the eight steers which do the military drills in his circus. The sight was one never before seen on the streets of Winona. Mr. Holder has modernized his way of driving the animals and has a complete set of harness made for each of the steers. —Winona Independent.

With the carnival next week.

STATE LAND SALE WAS HELD TODAY

Deputy State Auditor and Clerk Were Here Today and Held Annual Sale

FAIR AMOUNT OF LAND SOLD

Mineral Reserve Proves Bar to Heavy Sales in Crow Wing County

C. S. Brown, deputy state auditor and Theodore Nelson, a clerk in the land department, were in the city this forenoon and held the annual sale. About 900 acres of land was sold at prices around \$5 per acre. The mineral reservation now placed in State land contracts is proving a detriment to the sale of land here. It is not so much that prospective purchasers are speculators and are seeking the lands in the hope of iron on them, but that they do not like the idea of buying the lands and when they get them improved have some lessee of the rights come on and prospect and encumber the land with the sheds, ore piles, etc., and the land owner have no recourse.

The gentlemen came here from Little Falls, where they held a successful sale yesterday. Some of the land in Morrison county brought as high as \$18 per acre. They went to Walker this afternoon and will hold a sale there this evening, at Park Rapids tomorrow and in Detroit Thursday, after which they go into St. Paul.

Thinks it Saved His Life

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would no more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at H. P. Dunn's drug store. 50c and \$1.00. Trial bottle free. tts

DEATH OF MRS. FLOBERG

Estimable Lady Died at Home of Daughter in East Brainerd Monday Afternoon

The funeral of Mrs. Bertha Floberg, who died yesterday afternoon, will take place at the residence of her daughter, Mrs. P. A. Forsberg, Wednesday afternoon at 2 o'clock and at 2:30 at the Swedish Methodist church, Rev. Grefberg officiating, after which interment will be made in Evergreen cemetery.

Bertha Marie Selberg was born in Dahlsland, Sweden, Sept. 26, 1828 and married Olaf Floberg June 24, 1850. They came to Fargo, N. D., in 1880, where they lived until 15 years ago, since which time they lived in Brainerd, Mr. Floberg dying seven years ago.

To Mr. and Mrs. Floberg eleven children were born, of which six are living, Mrs. P. O. Forsberg, Mrs. Chas. Erickson and Mrs. Wm. Mahood of this city, Mrs. Edwin Staake of Moorhead and Chas. and Andrew Floberg of Tacoma, Wash. She also leaves a large number of grandchildren and five great-grandchildren.

A host of friends join in sympathy with the sorrowing relatives.

Rheumatism promptly driven from the blood with Dr. Shoop's Rheumatic Remedy. A test will surely tell. In tablet or liquid form. Sold by H. P. Dunn. t t

BASE BALL NOTES

Team	Played	Won	Lost	Pctg
N. P. Office	7	6	1	.857
North Star Jr.	5	3	2	.600
Y. M. C. A.	7	4	3	.571
N. E. Brainerd	7	3	4	.428
South Side	8	3	5	.375
Crescents	6	1	5	.167

The game between the Crescents and the South Side last evening was probably the quietest game of the season, there being very little enthusiasm manifested, yet good spirit was in evidence and two or three very good plays were made; Roland Barron made an excellent catch in left field in the second inning when Drogseth hit a high fly to that part of the field. C. Hall worked himself out of a tight box between first and second base, and Leslie Bush performed the same spectacular stunt, which pleased the crowd. Seven times during the game balls were hit to Leslie Bush, who was playing third base, and every time he was in game—besides getting a put-out on third. Score by innings:

South Side.....2 1 4 5 x—12
Crescents.....3 0 0 1 0—4

Bases on balls; off Drogseth 3; off Budka 1; off Roderick 0; two-base hit Turcotte; hit by pitched ball Entriiken, J. Witham; struck out; by Drogseth 1; by Budka 4, by Roderick 1. Hits off Drogseth 2; off Budka 0; off Roderick 8. Umpire A. Lagerquist; scorer Manville. Time of game 1 hour.

The game that is scheduled for tonight is between the Crescents and the North Star Jr.

GOVERNMENT MAKES CONTRACT

Survey of the New Federal Building Site Called for Together With Other Particulars

The government has entered into a contract with R. K. Whiteley, city engineer, for a survey of the site where the new federal building is to be erected and as Mr. Whiteley's instructions are to complete the work at once and forward his report to the department the impression is gained that the preliminary work in connection with the government improvement is to be commenced at once. No information is at hand that will indicate how long it will be before active work on the building will be commenced but in all probability all of the preliminaries incident to the building will be completed this season. Mr. Whiteley's instructions call for a plat showing the actual angles and dimensions of the site, together with the dimensions of the adjacent streets, sidewalks and curb lines, hydrants, manholes and catch basins, the location of telegraph and lighting poles, the size of the water mains, sewers, etc. There are other things to be included in the report, such as the materials used in the sidewalks and curbs and their present condition, the character of the sub-soil, and a general detail of the condition of things in connection with the site.

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from pure parched grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. McGinn & Smith. t t

BIDS

Bids will be received up to July 18, 1908 at 3 P. M., for building of bank block as per plans and specifications on file at Citizens State Bank, Brainerd, Minn.

AT BANKRUPTCY HEARING

First Meeting of Creditors of L. J. Cale Held in the City of Duluth Monday, June 29

The first meeting of the creditors of L. J. Cale, in bankruptcy, was held yesterday. Mr. Cale, W. W. Bane, his attorney, M. T. Dunn and Judge Fleming, of this city were in attendance. The examination of Mr. Cale was postponed until July 13. J. L. Bristol, the receiver in bankruptcy was appointed trustee in bankruptcy, and Mr. Fosberg, the gentleman who has had charge of the stock for Mr. Bristol, together with Con O'Brien, will appraise the property.

Any pain stopped in 20 minutes sure. Dr. Shoop's Pink Pain Tablets quickly stop headache, pains of women, etc., 20 tablets 25c. Sold by H. P. Dunn. tt

To Reopen Gallery

Andrew P. Nelson, who closed his gallery several months ago and entered the employ of A. M. Opsahl, has decided to reopen at the old stand, at the corner of Sixth and Laurel street, and will open for business tomorrow, July first. Mr. Nelson is a good workman and well liked and will do a good business in the future to judge by the past.

A Grand Family Medicine

"It gives me pleasure to speak a good word for Eclectic Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Eclectic Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at H. P. Dunn's drug store. 50c. t t

FIREWORKS HAVE ARRIVED

No Danger This Year of Delay in Exhibition Unless Weather Man Gets Contrary

The fireworks for the Fourth of July have arrived and there will be no such vexatious delay as was caused a year or so ago by their non-arrival. The only thing which can prevent the exhibition will be the weather man. Mr. R. A. Henning, who is in charge, wished THE DISPATCH to call the attention of residents of East Brainerd to the fact that they should come over to the west side of the ravine prior to 8:30 o'clock as the bridge will be closed from that time to 11 o'clock. The bridge is old and while safe for ordinary travel is not strong enough to warrant permitting crowds to gather there as would be the case were it kept open. It will therefore be closed for traffic during those hours.

Piles get quick and certain help from Dr. Shoop's Magic Ointment. Trial box to first prove, mailed free by Dr. Shoop, Racine, Wis. Sold by H. P. Dunn. t t

When the Long "S" Was Abolished. In the latter part of February, 1800, a London publisher instituted a tridding though welcome improvement in printing. His name was Bell, later the founder of the well known Weekly Messenger, and at the date mentioned he caused to be submitted the short for the long "s" in the setting of certain works he produced. His example was generally followed a year or two later. —St. James' Gazette.

Some Seasonable Hardware Hints

MUSIC AND DRAMA

"At The Unique"

The comic element predominated at the Unique theatre last night. "Not Yet, But Soon," "Students' Jokes," and "A Bridal Couple Dodging the Camera," were of this character, while in the "Nick of Time," and adaption of "In Old Kentucky," formed the dramatic portion of the moving picture program. The illustrated song, "By the Old Oaken Bucket, Louise," and a solo were beautifully sung by Miss Kathleen Graham.

The Best Pills Ever Sold

"After doctoring 15 years for chronic indigestion, and spending over two hundred dollars, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold," writes B. F. Ayscue, of Ingleside, N. C. Sold under guarantee at H. P. Dunn's drug store. 25c. t t

PASTIMES OF MADMEN.

Cunning and Ingenuity Displayed by the Insane.

Some of the inventions of the insane are of scientific value. A patient at Villejuif invented a "panification machine" by combining a bottle, a plank and small metallic tubes, to which he had fitted faucets. Having set up his machine, he produced loaves of bread the size of a man's head. The bread was good—so good that it was decided to make the machine known. One day when it was in action the doctor suggested taking a photograph of it. The inventor watched him as if petrified for a moment; then he fell upon the machine, wrenched it apart and trampled it underfoot. The invention, an exceedingly useful one, was lost, because no one had seen him make it, and no one dares speak of it to him. To allude to it is to bring on a furious attack.

Most lunatics, no matter how contented they may be, generally cherish a furtive longing to escape. They collect wax from the polished floors, take the impressions of locks and make keys from empty sardine boxes, spoon handles or anything to be found. Dr. Marie's museum includes a collection of knives of strange and unheard of shapes. Some of them have blades made from pieces of glass or slate and set in handles of corset steels. Objects harmless in themselves become dangerous weapons through the ingenuity of madmen.

Insane sculptors are as common as insane painters. The insane sculptor hews out coarse statuettes, fantastic animals, ferocious little horned and grinning devils. An ex-mechanic carves all his soap bones. That his old trade is still in his memory is shown by the little screws that he makes out of the smaller pieces of bone. He works all day at his senseless and ridiculous task. Another lunatic, who believes he is the incarnation of the soul of Beelzebub, passes his time carving toy men out of wood. Each pair of his creations are joined together, now at the necks, now at the shoulders.—Helen E. Meyer in Harper's Weekly.

Ceiling and Cieling.

The frequent occurrence of e before i in certain words in manuscripts and printed books of the seventeenth and eighteenth centuries in place of the now customary spelling is a feature which has often forced itself on my attention. It seems to me that the modern way is in these older writings comparatively seldom met with. I have observed the following among other instances: Felid, neice, atcheive, relief, reileife, greife; also, as proper names, Feild, Purfeild, Feilding, etc. The causes which have led to the change might furnish an interesting subject for discussion. In some eighteenth century writings (the Burrell manuscripts, for instance) occurs the word cield.—London Standard.

First Necessity.

"How would you define a 'crying need?'" asked the teacher of the rhetoric class. "A handkerchief," replied the solemn young man with the wicked eye.—Chicago Tribune.

The great and the little have need of each other.—Shakespeare.

The Porcelain Tower.

The famous porcelain tower was one of the architectural boasts of Nankin, China. It was reared in the ninth century before Christ by King A-yon and has been twice rebuilt, once in the fourth century of the Christian era and again in 1413 by Hoang-li-Tai. The tower originally attained a height of 350 feet. It consisted of nine stories, surmounted by a great mast bounded by a spiral cage and crowned by an immense globe. A hundred and fifty-two large bells were hung from the roofs of the nine stories, which were ornamented also with 128 lamps. The cost of the original edifice was estimated at between \$35,000,000 and \$40,000,000. It was made of white brick, and the walls and roofs were brilliantly ornamented with porcelain. The great porcelain tower was destroyed in 1853, during the Taiping occupation of the city.

419 W. Front Street

WILL CLOSE BRIDGE FOR FIREWORKS

Council Orders East Brainerd Bridge Closed During Fire-Works July Fourth

SEVERAL LICENSES GRANTED

Others Were Held up by Council on Advice of City Attorney M. E. Ryan

When President Johnson called the city council together in adjourned session Monday night all of the members were present except Alderman Bouck and Farrar who came in a few minutes later.

M. E. Ryan, the newly elected city attorney was on hand with a box of cigars and Mayor Wise came in a few minutes later.

An application from Geo. Donant, for the position of engineer for the steam roller was referred to the street committee.

A communication from Ed. Cullen asking for permission to move a house from lot 6 block 78, to lot 20 block 80, or across North Ninth Street, and also to put a stairway in the sidewalk on Seventh street to reach the basement of his block now under construction, was received. Permission was granted to move the house, and no action was taken on the other matter the council having no right to grant the permission, such stairways being prohibited by ordinance.

The application of J. C. Jamieson for a liquor license accompanied by a surety bond was presented. City Attorney Ryan took the ground that there should be but one surety bond permitted from the same company, saying that while the case had not been passed upon by the supreme court, yet two district judges had so held. The mayor and president of the council took issue with the attorney, who stated that he did not care whether the council accepted the bond, but that it was his duty to tell them the law. Should action be brought on the bond he believed the surety company would set up as a defense that the bond was illegal and therefore not binding on them. The council, however, accepted the bond. The application of Henry Grossman for license was also accepted, a surety bond being furnished.

The application of George Donant for permission to transfer his liquor license

BANE'S Busy Corner

Corner 7th and Laurel St. Walker Bldg

to Freeman Young was laid over, the bond of Mr. Young with T. C. Blewitt and Charles Hughes as sureties not being properly executed.

The city attorney read to the council the provisions of Sec. 1529 of the revised statutes of 1905, concerning the giving of licenses to any person who had been convicted of violation of the liquor laws within one year, and the provision that made members of the city council liable for a misdemeanor if they voted for granting such a license, or being present failed to vote against it. As a result the application of P. M. Johnson, who was one of those caught in the drag net a short time ago, was not presented to the council.

The application of the John Coates Liquor company, with a surety company bond, was also granted.

Alderman Twohey called attention to the fact that several bridges had been ordered repaired but it had not been done. Alderman Fogelstrom stated that he had his pile driver hauled to the river bridge and would begin work at once.

Alderman Fogelstrom presented a verbal offer from Joe St. Peter to do the stone crushing for \$3 per ton the city to furnish machinery and power. Alderman Farrar thought that the matter should be under the charge of the street commissioner and there should be but one head. After considerable discussion the matter was left in the hands of the street commissioner and street committee.

A communication was received from W. E. Dodge, general counsel for the Northwestern Port Huron Co., regarding the steam roller, and practically demanding immediate payment on threat of suit. The letter was referred to the city attorney.

A request that the block on Holly street, between Fourth and Fifth streets, which was recently curbed by the property owners, be graded, was referred to the street committee with power to act.

The application of Archie Purdy for permission to place curb around his property at the corner of Seventh and Oak was laid on the table for one week to permit of the introduction of a resolution fixing the width of Seventh and other streets on the south side.

R. A. Henning appeared in behalf of the fire works committee of the Fourth of July celebration and asked that the city take some action which would prevent the overloading of the east Brainerd bridge during the fireworks on the evening of the Fourth, which it was the intention of the committee to set off off the bank of the ravine on the north side of bridge. After due consideration the council ordered the street commissioner to close the bridge at 8:30 p. m. on that evening and Mayor Wise agreed to have several policemen on hand to keep the crowds off the bridge until 11 o'clock, no one to be permitted to cross during that time except doctors' rigs and fire team.

Alderman Twohey brought up the matter of a vacation for the members of the police force, believing that as they had to be on duty seven days in a week they were entitled to two weeks off without loss of pay. Mayor Wise said that should only apply to policemen who had been on duty a year or more. Alderman Drexler and Fogelstrom thought there was no reason why they should be paid for time they did not put in. The matter was finally referred to the street committee with instructions to report at next meeting.

The council then adjourned.

Bucklin's Arnica Salve Wins.

Tom Moore, of Rural Route 1, Cochran, Ga., writes: "I had a bad sore come on the instep of my foot and could find nothing that would heal it until I applied Bucklin's Arnica Salve. Less than half of a 25 cent box won the day for me by affecting a perfect cure." Sold under guarantee at H. P. Dunn's Drug store.

Steers Down Town

"Mr. Holder created a hit last evening when he appeared on the streets of the down-town district with his band wagon drawn by the eight steers which do the military drills in his circus. The sight was one never before seen on the streets of Winona. Mr. Holder has modernized his way of driving the animals and has a complete set of harness made for each of the steers. -Winona Independent.

With the carnival next week.

STATE LAND SALE WAS HELD TODAY

Deputy State Auditor and Clerk Were Here Today and Held Annual Sale

FAIR AMOUNT OF LAND SOLD

Mineral Reserve Proves Bar to Heavy Sales in Crow Wing County

C. S. Brown, deputy state auditor and Theodore Nelson, a clerk in the land department, were in the city this forenoon and held the annual sale. About 900 acres of land was sold at prices around \$5 per acre. The mineral reservation now placed in State land contracts is proving a detriment to the sale of land here. It is not so much that prospective purchasers are speculators and are seeking the lands in the hope of iron on them, but that they do not like the idea of buying the lands and when they get them improved have some lessee of the rights come on and prospect and encumber the land with the sheds, ore piles, etc., and the land owner have no recourse.

The gentlemen came here from Little Falls, where they held a successful sale yesterday. Some of the land in Morrison county brought as high as \$18 per acre. They went to Walker this afternoon and will hold a sale there this evening, at Park Rapids tomorrow and in Detroit Thursday, after which they go into St. Paul.

Thinks It Saved His Life

Lester M. Nelson, of Naples, Maine, says in a recent letter: "I have used Dr. King's New Discovery many years, for coughs and colds, and I think it saved my life. I have found it a reliable remedy for throat and lung complaints, and would not more be without a bottle than I would be without food." For nearly forty years New Discovery has stood at the head of throat and lung remedies. As a preventive of pneumonia, and healer of weak lungs it has no equal. Sold under guarantee at H. P. Dunn's drug store. 50c and \$1.00. Trial bottle free.

DEATH OF MRS. FLOBERG

Estimable Lady Died at Home of Daughter in East Brainerd Monday Afternoon

The funeral of Mrs. Bertha Floberg, who died yesterday afternoon, will take place at the residence of her daughter, Mrs. P. A. Forsberg, Wednesday afternoon at 2 o'clock and at 2:30 at the Swedish Methodist church, Rev. Grefberg officiating, after which interment will be made in Evergreen cemetery. Bertha Marie Selberg was born in Dahlsland, Sweden, Sept. 26, 1828, and married Olaf Floberg June 24, 1850. They came to Fargo, N. D., in 1880, where they lived until 15 years ago, since which time they lived in Brainerd, Mr. Floberg dying seven years ago.

To Mr. and Mrs. Floberg eleven children were born, of which six are living. Mrs. P. O. Forsberg, Mrs. Chas. Erickson and Mrs. Wm. Mahood of this city, Mrs. Edwin Staake of Moorhead and Chas. and Andrew Floberg of Tacoma, Wash. She also leaves a large number of grandchildren and five great-grandchildren.

A host of friends join in sympathy with the sorrowing relatives.

Rheumatism promptly driven from the blood with Dr. Shoop's Rheumatic Remedy. A test will surely tell. In tablet or liquid form. Sold by H. P. Dunn. t t

BASE BALL NOTES

Team	Played	Won	Lost	Pctg
N. P. Office	7	6	1	857
North Star Jr.	5	3	2	600
Y. M. C. A.	7	4	3	571
N. E. Brainerd	7	3	4	428
South Side	8	3	5	375
Crescents	6	1	5	167

The game between the Crescents and the South Side last evening was probably the quietest game of the season, there being very little enthusiasm manifested, yet good spirit was in evidence and two or three very good plays were made; Roland Barron made an excellent catch in left field in the second inning when Drogseth hit a high fly to that part of the field. C. Hall worked himself out of a tight box between first and second base, and Leslie Bush performed the same spectacular stunt, which pleased the crowd. Seven times during the game balls were hit to Leslie Bush, who was playing third base, and every time he was in game—besides getting a put-out on third. Score by innings:

South Side..... 2 1 4 5 x-12 Crescents..... 3 0 0 1 0-4 Bases on balls; off Drogseth 3; off Budka 1; off Roderick 0; two-base hit Turcotte; hit by pitched ball Entriken, J. Witham; struck out; by Drogseth 1; by Budka 4, by Roderick 1. Hits off Drogseth 2; off Budka 0; off Roderick 8. Umpire A. Lagerquist; scorer Marville. Time of game 1 hour. The game that is scheduled for tonight is between the Crescents and the North Star Jrs.

GOVERNMENT MAKES CONTRACT

Survey of the New Federal Building Site Called for Together With Other Particulars

The government has entered into a contract with R. K. Whiteley, city engineer, for a survey of the site where the new federal building is to be erected and as Mr. Whiteley's instructions are to complete the work at once and forward his report to the department the impression is gained that the preliminary work in connection with the government improvement is to be commenced at once. No information is at hand that will indicate how long it will be before active work on the building will be commenced but in all probability all of the preliminaries incident to the building will be completed this season. Mr. Whiteley's instructions call for a plat showing the actual angles and dimensions of the site, together with the dimensions of the adjacent streets, sidewalks and curb lines, hydrants, manholes and catch basins, the location of telegraph and lighting poles, the size of the water mains, sewers, etc. There are other things to be included in the report, such as the materials used in the sidewalks and curbs and their present condition, the character of the sub-soil, and a general detail of the condition of things in connection with the site.

"Health Coffee" is the cleverest imitation of real coffee ever yet made. Dr. Shoop created it from purest parched grains, malt, nuts, etc. Fine in flavor—is made in just one minute. No 20 or 30 minutes tedious boiling. Sample free. McGinn & Smith. t t

BIDS

Bids will be received up to July 18, 1908 at 3 P. M., for building of bank block as per plans and specifications on file at Citizens State Bank, Brainerd, Minn.

AT BANKRUPTCY HEARING

First Meeting of Creditors of L. J. Cale Held in the City of Duluth Monday, June 29

The first meeting of the creditors of L. J. Cale, in bankruptcy, was held yesterday. Mr. Cale, W. W. Bane, his attorney, M. T. Dunn and Judge Fleming, of this city were in attendance. The examination of Mr. Cale was postponed until July 13. J. L. Bristol, the receiver in bankruptcy was appointed trustee in bankruptcy, and Mr. Fosberg, the gentleman who has had charge of the stock for Mr. Bristol, together with Con O'Brien, will appraise the property.

Any pain stopped in 20 minutes sure. Dr. Shoop's Pink Pain Tablets quickly stop headache, pains of women, etc., 20 tablets 25c. Sold by H. P. Dunn. tt

To Reopen Gallery

Andrew P. Nelson, who closed his gallery several months ago and entered the employ of A. M. Opsahl, has decided to reopen at the old stand, at the corner of Sixth and Laurel street, and will open for business tomorrow, July first. Mr. Nelson is a good workman and well liked and will do a good business in the future to judge by the past.

A Grand Family Medicine

"It gives me pleasure to speak a good word for Electric Bitters," writes Mr. Frank Conlan of No. 436 Houston St., New York. "It's a grand family medicine for dyspepsia and liver complications; while for lame back and weak kidneys it cannot be too highly recommended." Electric Bitters regulate the digestive functions, purify the blood, and impart renewed vigor and vitality to the weak and debilitated of both sexes. Sold under guarantee at H. P. Dunn's drug store. 50c. t t

FIREWORKS HAVE ARRIVED

No Danger This Year of Delay in Exhibition Unless Weather Man Gets Contrary

The fireworks for the Fourth of July have arrived and there will be no such vexatious delay as was caused a year or so ago by their non-arrival. The only thing which can prevent the exhibition will be the weather man. Mr. R. A. Henning, who is in charge, wished THE DISPATCH to call the attention of residents of East Brainerd to the fact that they should come over to the west side of the ravine prior to 8:30 o'clock as the bridge will be closed from that time to 11 o'clock. The bridge is old and while safe for ordinary travel is not strong enough to warrant permitting crowds to gather there as would be the case were it kept open. It will therefore be closed for traffic during those hours.

Piles get quick and certain help from Dr. Shoop's Magic Ointment. Trial box to first prove, mailed free by Dr. Shoop, Racine, Wis. Sold by H. P. Dunn. t t

When the Long "S" Was Abolished.

In the latter part of February, 1800, a London publisher instituted a trifling though welcome improvement in printing. His name was Bell, later the founder of the well known Weekly Messenger, and at the date mentioned he caused to be submitted the short for the long "s" in the setting of certain works he produced. His example was generally followed a year or two later. -St. James' Gazette.

MAY GET A JURY TRIAL.

**Thaw Seems Favorable to Granting
Thaw's Petition.**

New York, June 30.—Justice Dowling of the supreme court who presided at the second trial of Harry K. Thaw, denied Thaw's application to be removed from the asylum for the criminal insane at Matteawan to some other institution on the ground that Thaw is a dangerously insane person, not to be punished, but to be kept under restraint so that he may not injure either himself or anyone else.

In another phase of Thaw's effort for freedom Justice Mills heard argument at White Plains after issuing a writ of habeas corpus on Saturday on Thaw's application for a jury trial to determine his sanity at the present time.

The justice adjourned the case until July 13, when further argument will be heard, ordering Thaw returned to the prison at Poughkeepsie in the meantime.

Unlike Justice Dowling, Justice Mills seemed distinctly to favor a trial by jury to determine Thaw's sanity. Justice Mills said after the argument:

"I believe it should be only a matter of time when this man should have a jury trial. I am not prepared to say whether it should be now or later."

AFTER EXCITING CHASE.

**Alleged Lake Pirate Is Captured by
Revenue Cutter.**

Chicago, June 30.—John Seavey, arrested on board his schooner yacht, the Wanderer, seven miles north of Frankfort, Mich., by United States deputy marshals, who had followed him for more than a week in the revenue cutter Tuscarora, with a warrant charging him with stealing the forty-five ton lumber schooner Nellie Johnson at Montague, Mich., on May 11, was brought to this city and lodged in jail.

Seavey, who had been a member of the crew of the Nellie Johnson, together with two companions—William Loquist, wanted in Chicago for alleged counterfeiting, and Hugh Colton—both of whom have disappeared, took the Nellie Johnson out of port after being warned by Collector Phillips not to do so.

The schooner, with a deckload of lumber, was seized while her commander, Captain McCormick, was on shore, and was abandoned later at Frankfort. Seavey had started northward in his

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true can be readily proven to your satisfaction if you will mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

The Vice Presidency

Side Lights on Holders of the Second Greatest Elective Executive Office in the World—Why Has It Been Scorned by Statesmen?—Signs That Indicate Higher Respect For the Post.

By ROBERTUS LOVE.

WELL, what's the matter with the vice presidency? Why is it that this high office is held in such contemptuous scorn by so many of our political highbrows?

Why should the American vice presidency be looked down upon from imagined altitudes of greatness by men who deem themselves too big for the job?

The disesteem into which this office has fallen—or into which it fell at the beginning of our government—is a fact of most curious interest. Our slipshod manner of keeping the position filled is enough to make monarchs laugh at democracies. If we accept the common undervaluation of the vice presidency, it really is a pity that our forefathers ever invented it. But shall we accept the common misconception, for misconception it is, and nothing else? We simply have dropped into the habit of sneering at the second greatest elective executive office in the world. In fact, the habit has grown upon us for a hundred years or more. Witness:

Old John Adams, the first vice president, was guilty of the earliest sneer at the office. During his incumbency he remarked, "My country has, in its wisdom, contrived for me the most insignificant office that ever the invention of man conceived."

Stepping Stone to Presidency.

Nevertheless for John Adams that insignificant office was a direct stepping stone to the presidency. Thomas Jefferson, successor to Adams as both vice president and president, also stepped straight up to the first office from the second. His own successor as vice president, Aaron Burr, undoubtedly

named—John Tyler, Millard Fillmore, Andrew Johnson, Chester Alan Arthur and Theodore Roosevelt. It is interesting to observe that each of these presidents served nearly the entire term for which the deceased president was elected. Tyler served three years and eleven months of William Henry Harrison's term. Fillmore served all but sixteen months of Zachary Taylor's four years. Johnson became president less than six weeks after he became vice president. Arthur and Roosevelt each stepped higher up six months after accession to the vice presidency. Thus it is seen that the "automatic successors" have been in each instance presidents for important periods, not merely serving out the tail ends of terms.

Twenty-one men have been elected president. There have been twenty-five presidents. Vice presidential climbers account for the difference. Twenty-six men have held the office of vice president. It is worth while to name them—John Adams, Thomas Jefferson, Aaron Burr, George Clinton, Elbridge Gerry, Daniel D. Tompkins, John C. Calhoun, Martin Van Buren, Richard M. Johnson, John Tyler, George M. Dallas, Millard Fillmore, William R. King, John C. Breckinridge, Hannibal Hamlin, Andrew Johnson, Schuyler Colfax, Henry Wilson, William A. Wheeler, Chester A. Arthur, Thomas A. Hendricks, Levi P. Morton, Adlai E. Stevenson, Garret A. Hobart, Theodore Roosevelt and Charles W. Fairbanks.

In the list we find not a few illustrious names. John Adams, Jefferson, Van Buren and Roosevelt were elected to the presidency. Five out of the twenty-six, or practically one-fifth, became president by the death of the chief executive. So it appears that

merely as "acting president." Then it was that John Tyler arose upon the high heels of his dignity and declared that he was president of the United States. Daniel had to acquiesce or get out of the cabinet. He acquiesced. Ever since that episode, which seems amusing in the retrospect, nobody has disputed that a death made chief executive is actually and absolutely president of the United States.

Webster missed his second chance to become president when he refused again to accept the vice presidential nomination in 1848. Weed again urged him to run, and he could have had the place had he desired it. Zachary Taylor was elected president, Millard Fillmore vice president. President Taylor died July 9, 1850, after only sixteen months in the great office. Webster died Oct. 24, 1852. Suppose he had accepted the vice presidential candidacy and succeeded Taylor? Granting that his death would have taken place when it did, the nation would have been confronted with the problem of a vacant presidency, with no vice president to step up.

High Honor For Clinton.

Six vice presidents have died in office. They were Clinton, Gerry, King, Wilson, Hendricks and Hobart. Vice President King was ill in Cuba on inauguration day and took the oath of office on foreign soil by special act of congress. He died the day after reaching his home in Alabama in April, 1853, but a few weeks after becoming vice president.

Vice President Clinton died in Washington in 1812 after serving nearly eight years as the second officer in the government. In May of this year his remains were disinterred and reburied at Kingston, N. Y., his old home. Here at least was one vice president highly honored ninety-six years after death, for Clinton's remains lay in state in the city hall, New York, and there was an imposing military funeral. But stay! Clinton was governor of New York for twenty-one years. That fact was paramount in the memorial exercises, his vice presidential experience being mentioned only incidentally.

New York is the mother of vice presidents. The state has supplied nine of the twenty-six. Five of these have been governors of New York. Three of the vice presidents from New York succeeded to the presidency under the constitutional provision—Fillmore, Arthur and Roosevelt. Two of them were elected president, Van Buren and Roosevelt. Mr. Roosevelt was one of the scorned candidates who had to be driven into the vice presidency with a stuffed club. He didn't want it at all. It is the belief of political observers that had Vice President Hobart lived he would have been renominated with McKinley in 1900 and thus would have succeeded to the presidency. Mr. Hobart really wanted the vice presidency. He was proud of the office and did much to rescue it from the condition of innocuous desuetude into which the scorn of statesmen had plunged it.

Always on the Job.

Vice President Fairbanks is another statesman who likes the office. He has helped to dignify it. It is said that no vice president ever adhered so closely to the working privileges of the position as Mr. Fairbanks has done. He is always Charley on the job. He presides over the senate to the ultimate minute and with great dignity and grace.

There are signs that the vice presidency is going to see better days. High browed spurners still there be, men too high and mighty in their own estimation to care for the office. Yet one cannot escape seeing indications that the great political parties are coming to their senses in this matter and are inclined to name for vice president men of presidential caliber in every particular. The Democratic party of late years has been the worst offender in respect to the vice presidential nomination. In 1896 Arthur Sewall of Maine, unknown outside his own state, was nominated with Bryan. In 1904 Henry Gassaway Davis of West Virginia, long out of public life and of venerable age, was ticketed with Parker. Each of these estimable gentlemen hurt the ticket. Each was named because he was supposed to possess a "bar" with a loose spigot, but it so happened in each case that the spigot was hammered in and clinched on the inside of the barrel. Not enjoying the favor of the big corporations, the Democracy could not hope for such large campaign contributions as these concerns gave to the Republican party. Money is necessary in a campaign if the other fellow has plenty of it. This year the cash problem seems to be about on an even basis for both sides since public sentiment has relegated the corporation contribution to the muck heap—since also the corporations do not love the Republican party so fervently as of old.

Availability, of course, is a factor in the nomination of vice presidential candidates. For instance, Congressman James S. Sherman of New York has been nominated by the Republicans this year because they believe that he will help to carry the Empire State. Possibly—who knows?—the Democrats may nominate Governor Johnson for second place on their ticket, because it is apparent that he can carry Minnesota, which otherwise surely would be Republican.

But, leaving the current campaign aside, the American vice presidency may be said to be looking up. The constitution provides the vice president as successor to the president should that officer die or be removed before the end of the term to which he is elected. Undoubtedly the constitution makers intended that no man of less than presidential caliber should be made vice president. None of us should run and hide when a nomination to the vice presidency is offered, for there is but one higher elective honor on earth.

NATIONAL CONVENTIONS.

They Succeeded the System of Nomination by Caucus.

Conventions have not always nominated our presidents and vice presidents. For more than thirty years presidential candidates were named by a caucus made up of members of the house and the senate. This system died when in 1824 the caucus insisted upon by Martin Van Buren and other friends of William H. Crawford of Georgia defeated Crawford, which threw the election into the house on account of the scattering electoral vote caused by the entrance of Clay, Calhoun, Jackson and John Quincy Adams in the race. This fracas elected Adams.

The campaign of 1828 in consequence was somewhat demoralized, and in 1831 the Republicans followed the example the anti-Masonic party had set the year before and met in convention in Baltimore to nominate Henry Clay. The Democrats held their first national convention in the same city the following year, nominating Martin Van Buren for vice president. The dominating figure of the party, Andrew Jackson, needed no endorsement of his candidacy for the presidency.

The Democrats in 1835 and 1840 nominated Van Buren for the presidency in Baltimore, and the Whigs nominated Clay in the same place in 1844, when the Democrats named Polk.

In 1835 Romulus M. Saunders introduced the two-thirds rule to the Democratic convention, and it was adopted. The customs installed at these earlier conventions which succeeded the tyranny of the caucus chamber have been continued and added to from time to time, and the conventions today are merely the descendants of those that nominated Clay and Van Buren—Charles Wadsworth Camp in Metropolitan Magazine.

Horizon.

A man calls it the horizon where the earth and the sky seem to meet, but a woman's notion of the horizon is the families she can see moving in from behind her front window curtains. If, further, they hang out their washing in a spirit of candor, they are, of course, all the more so. The horizon is caused by a number of things, chief among them the gregarious instinct. Only for this next door would mean as little as tariff revision or pure food or international arbitration. It takes a star or something of that sort to rise above the horizon, but a very ordinary woman may feel above it.—Life.

The Cult of the Hotel.

"Hotel" is a French word, but a thoroughly British institution. If its great hotels were suppressed London would no longer be London—that is to say, the London of society, the theater, literature, politics, art and fashion. The hotel is one of the essential factors of London life—Milan Corriere Della Serra.

LOST—A black silk bag lined with green—containing a brown leather purse with about \$6.50. A liberal reward for return of purse and bag to Hohman's. 2822p

VICE PRESIDENTS WHO BECAME PRESIDENTS THROUGH DEATH.

edly would have succeeded him as president had he not become such a chronic intriguer that he was discredited before the country. Burr's derelictions broke the stepping stone into flinders. Only once since then has the vice presidency been a booster to the presidency. Martin Van Buren was pulled up to the higher pedestal by Andrew Jackson when the latter stepped down.

With the single exception of Van Buren's case the vice presidency has been since Aaron Burr's time an ornamental tomb for the political interment of men who otherwise might have remained presidential possibilities. There might have been carved at the entrance to the office, "All hope of the presidency abandon, ye who enter here." Of course vice presidents have succeeded to the higher office by the death of the president, but no man since "Marty Van" has served out a vice presidential term and afterward stood in the glare of the presidential spot light. Why? Well, the point is interesting.

Theodore Roosevelt, to be sure, was elected president after having been vice president. But he was president of the United States when elected to that office. Had he not succeeded McKinley at the latter's assassination would he have been elected president in 1904? The chances, judging from history and experience, are decidedly negative.

The late John J. Ingalls when elected president pro tem. of the senate after the death of Vice President Hendricks said, "The vice president has two functions—to preside over the senate and to wait for the president to die." Mr. Ingalls sometimes uttered jokes.

"Automatic Successors."

Five times in our history presidents have died and vice presidents have succeeded them. The presidents thus created by the automatic working of the constitution were in the order

SENSATIONAL MURDER.

**Philadelphia Physician Poisoned by
Ale Sent to Him.**

Philadelphia, June 30.—The laying bare of a most sensational murder is promised by the authorities in the case of Dr. William H. Wilson of this city, who died at his home on Friday night after drinking a portion of a bottle of ale which had been sent to him by express. An autopsy performed by the coroner's physician, according to the coroner, proves conclusively that Dr. Wilson died of cyanide of potassium poisoning. The ale came to the physician on Tuesday a week ago by express and in the mail on the same day he received a letter purporting to have been sent by the Peter Schemm Brewing company, this city, informing him that a sample bottle of ale had been sent to him for trial. Investigation showed, according to the police authorities, that Schemm brews no ale and that the company never sent any such letter as that received by the physician.

FLOOD AT ST. PAUL.

**Forces Flat Dwellers to Flee From
Their Homes.**

St. Paul, June 30.—A score of abandoned houses, water-soaked and forlorn, standing half submerged in the shifting eddies of the backwater along the lower flats; dozens of boats manned by the Ducas street police plying back and forth from the flooded homes to the mainland, bearing with them men, women and children, household effects, live stock, and the Mississippi river seventeen feet above the low-water mark, with the waters still rising. Such are the conditions here, recording the high-water mark for the year and the first actual danger of the flood period.

The flat dwellers, particularly those clustered along the lower flats, had been able to withstand fifteen and sixteen feet of water, but with the river constantly rising until another foot was added their last defenses were broken down and they were forced to flee.

Organizers Arrested.

Chicago, June 30.—Birch F. Rhodus, Edward F. Rhodus and Thomas Rhodus, organizers of the Central Life Securities company and half a dozen subsidiary concerns, have been arrested, charged with using the mails in a scheme to defraud. The defendants were at once arraigned on the charges, the hearing of which was postponed until July 9. A joint bond of \$15,000 was then filed and they were released.

Black Hand Organizers Arrested.

Winnipeg, Man., June 30.—Eleven Italians from Pennsylvania and Chicago have been arrested at Fernie, charged with being members of the black hand gang sent into Western Canada to organize Black Hand societies among miners of Western Canada. More arrests are to follow.

EVERYTHING KNOWN IN MUSIC

ESTABLISHED 1894

STONE'S MUSIC HOUSE

FARGO, NORTH DAKOTA

MAY GET A JURY TRIAL.

Court Seems Favorable to Granting Thaw's Petition.

New York, June 30.—Justice Dowling of the supreme court who presided at the second trial of Harry K. Thaw, denied Thaw's application to be removed from the asylum for the criminal insane at Matteawan to some other institution on the ground that Thaw is a dangerously insane person, not to be punished, but to be kept under restraint so that he may not injure either himself or anyone else.

In another phase of Thaw's effort for freedom Justice Mills heard argument at White Plains after issuing a writ of habeas corpus on Saturday on Thaw's application for a jury trial to determine his sanity at the present time.

The justice adjourned the case until July 13, when further argument will be heard, ordering Thaw returned to the prison at Poughkeepsie in the meantime.

Unlike Justice Dowling, Justice Mills seemed distinctly to favor a trial by jury to determine Thaw's sanity. Justice Mills said after the argument:

"I believe it should be only a matter of time when this man should have a jury trial. I am not prepared to say whether it should be now or later."

AFTER EXCITING CHASE.

Alleged Lake Pirate Is Captured by Revenue Cutter.

Chicago, June 30.—John Seavey, arrested on board his schooner yacht, the Wanderer, seven miles north of Frankfort, Mich., by United States deputy marshals, who had followed him for more than a week in the revenue cutter Tuscarora, with a warrant charging him with stealing the forty-five ton lumber schooner Nellie Johnson at Montague, Mich., on May 11, was brought to this city and lodged in jail.

Seavey, who had been a member of the crew of the Nellie Johnson, together with two companions—William Loquist, wanted in Chicago for alleged counterfeiting, and Hugh Colton—both of whom have disappeared, took the Nellie Johnson out of port after being warned by Collector Phillips not to do so.

The schooner, with a deckload of lumber, was seized while her commander, Captain McCormick, was on shore, and was abandoned later at Frankfort. Seavey had started northward in his

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as stated by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true is readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

yacht when he was overtaken after an exciting chase and fired upon by the Tuscarora and surrendered. His companions escaped.

The Vice Presidency

Side Lights on Holders of the Second Greatest Elective Executive Office in the World—Why Has It Been Scorned by Statesmen?—Signs That Indicate Higher Respect For the Post.

By ROBERTUS LOVE.

WELL, what's the matter with the vice presidency? Why is it that this high office is held in such contemptuous scorn by so many of our political highbrows?

Why should the American vice presidency be looked down upon from imagined altitudes of greatness by men who deem themselves too big for the job?

The disesteem into which this office has fallen—or into which it fell at the beginning of our government—is a fact of most curious interest. Our slipshod manner of keeping the position filled is enough to make monarchs laugh at democracies. If we accept the common undervaluation of the vice presidency, it really is a pity that our forefathers ever invented it. But shall we accept the common misconception, for misconception it is, and nothing else? We simply have dropped into the habit of sneering at the second greatest elective executive office in the world. In fact, the habit has grown upon us for a hundred years or more. Witness:

Old John Adams, the first vice president, was guilty of the earliest sneer at the office. During his incumbency he remarked, "My country has, in its wisdom, contrived for me the most insignificant office that ever the invention of man conceived."

Stepping Stone to Presidency.

Nevertheless for John Adams that insignificant office was a direct stepping stone to the presidency. Thomas Jefferson, successor to Adams as both vice president and president, also stepped straight up to the first office from the second. His own successor as vice president, Aaron Burr, undoubtedly

named—John Tyler, Millard Fillmore, Andrew Johnson, Chester Alan Arthur and Theodore Roosevelt. It is interesting to observe that each of these presidents served nearly the entire term for which the deceased president was elected. Tyler served three years and eleven months of William Henry Harrison's term. Fillmore served all but sixteen months of Zachary Taylor's four years. Johnson became president less than six weeks after he became vice president. Arthur and Roosevelt each stepped higher up six months after accession to the vice presidency. Thus it is seen that the "automatic successors" have been in each instance presidents for important periods, not merely serving out the tail ends of terms.

Twenty-one men have been elected president. There have been twenty-five presidents. Vice presidential climbers account for the difference. Twenty-six men have held the office of vice president. It is worth while to name them—John Adams, Thomas Jefferson, Aaron Burr, George Clinton, Elbridge Gerry, Daniel D. Tompkins, John C. Calhoun, Martin Van Buren, Richard M. Johnson, John Tyler, George M. Dallas, Millard Fillmore, William R. King, John C. Breckinridge, Hannibal Hamlin, Andrew Johnson, Schuyler Colfax, Henry Wilson, William A. Wheeler, Chester A. Arthur, Thomas A. Hendricks, Levi P. Morton, Adlai E. Stevenson, Garret A. Hobart, Theodore Roosevelt and Charles W. Fairbanks.

In the list we find not a few illustrious names. John Adams, Jefferson, Van Buren and Roosevelt were elected to the presidency. Five out of the twenty-six, or practically one-fifth, became president by the death of the chief executive. So it appears that

VICE PRESIDENTS WHO BECAME PRESIDENTS THROUGH DEATH.

edly would have succeeded him as president had he not become such a chronic intriguer that he was discredited before the country. Burr's derelictions broke the stepping stone into flinders. Only once since then has the vice presidency been a booster to the presidency. Martin Van Buren was pulled up to the higher pedestal by Andrew Jackson when the latter stepped down.

With the single exception of Van Buren's case the vice presidency has been since Aaron Burr's time an ornamental tomb for the political interment of men who otherwise might have remained presidential possibilities. There might have been carved at the entrance to the office, "All hope of the presidency abandon, ye who enter here." Of course vice presidents have succeeded to the higher office by the death of the president, but no man since "Marty Van" has served out a vice presidential term and afterward stood in the glare of the presidential spot light. Why? Well, the point is interesting.

Theodore Roosevelt, to be sure, was elected president after having been vice president. But he was president of the United States when elected to that office. Had he not succeeded McKinley at the latter's assassination would he have been elected president in 1904? The chances, judging from history and experience, are decidedly negative.

The late John J. Ingalls when elected president pro tem. of the senate after the death of Vice President Hendricks said, "The vice president has two functions—to preside over the senate and to wait for the president to die." Mr Ingalls sometimes uttered jokes.

"Automatic Successors."

Five times in our history presidents have died and vice presidents have succeeded them. The presidents thus created by the automatic working of the constitution were in the order

even on Ingalls' facetious ground of "waiting for the president to die" our vice presidents have a pretty fair show for the top notch. In fact, there are several men now alive who would have been presidents had they not refused to accept the vice presidential nomination. One of them is General Stewart L. Woodford, who carried the Hughes boom to Chicago a few days ago. He declined to be nominated for vice president on the Republican ticket in 1880. Another is Levi P. Morton, now eighty-four years old, who likewise declined at that time. Arthur was nominated and elected. President Garfield was assassinated. Arthur became president. Mr. Morton later accepted the nomination for second place and was elected, but President Harrison refused to die in office.

Chances Webster Missed.

Farther back in our history there was an illustrious statesman, the god-like Daniel Webster, who missed two sure shots for the presidency simply because he held the same sneering notion of the vice presidency that some of our hifalutin statesmen hold today. Thurlow Weed tried to induce Webster to take the vice presidential nomination on the Tippecanoe ticket in 1839, but the doughty Daniel indignantly spurned the invitation. John Tyler was nominated and elected. Exactly a month after inauguration President Harrison died and Tyler stepped up. Webster, who could have been president but for his scorn of the second place, became Tyler's secretary of state.

Tyler was the first vice president to succeed to the presidency, and it is curious to note that the situation caused embarrassment because many politicians of the time were not dead sure that Tyler was a full fledged president. Even Webster's king of constitutional lawyers that he was, held the opinion that Tyler was not president and sought to have him sign official papers

merely as "acting president." Then it was that John Tyler arose upon the high heels of his dignity and declared that he was president of the United States. Daniel had to acquiesce or get out of the cabinet. He acquiesced. Ever since that episode, which seems amusing in the retrospect, nobody has disputed that a death made chief executive is actually and absolutely president of the United States.

Webster missed his second chance to become president when he refused again to accept the vice presidential nomination in 1848. Weed again urged him to run, and he could have had the place had he desired it. Zachary Taylor was elected president, Millard Fillmore vice president. President Taylor died July 9, 1850, after only sixteen months in the great office. Webster died Oct. 24, 1852. Suppose he had accepted the vice presidential candidacy and succeeded Taylor? Granting that his death would have taken place when it did, the nation would have been confronted with the problem of a vacant presidency, with no vice president to step up.

High Honor For Clinton.

Six vice presidents have died in office. They were Clinton, Gerry, King, Wilson, Hendricks and Hobart. Vice President King was ill in Cuba on inauguration day and took the oath of office on foreign soil by special act of congress. He died the day after reaching his home in Alabama in April, 1853, but a few weeks after becoming vice president.

Vice President Clinton died in Washington in 1812 after serving nearly eight years as the second officer in the government. In May of this year his remains were disinterred and reburied at Kingston, N. Y., his old home. Here at least was one vice president highly honored ninety-six years after death, for Clinton's remains lay in state in the city hall, New York, and there was an imposing military funeral. But stay! Clinton was governor of New York for twenty-one years. That fact was paramount in the memorial exercises, his vice presidential experience being mentioned only incidentally.

New York is the mother of vice presidents. The state has supplied nine of the twenty-six. Five of these have been governors of New York. Three of the vice presidents from New York succeeded to the presidency under the constitutional provision—Fillmore, Arthur and Roosevelt. Two of them were elected president, Van Buren and Roosevelt. Mr. Roosevelt was one of the scorching candidates who had to be driven into the vice presidency with a stuffed club. He didn't want it at all. It is the belief of political observers that had Vice President Hobart lived he would have been renominated with McKinley in 1900 and thus would have succeeded to the presidency. Mr. Hobart really wanted the vice presidency. He was proud of the office and did much to rescue it from the condition of innocuous desuetude into which the scorn of statesmen had plunged it.

Always on the Job.

Vice President Fairbanks is another statesman who likes the office. He has helped to dignify it. It is said that no vice president ever adhered so closely to the working privileges of the position as Mr. Fairbanks has done. He is always cheerful on the job. He presides over the senate to the ultimate minute and with great dignity and grace.

There are signs that the vice presidency is going to see better days. High browed snuffers still there be, men too high and mighty in their own estimation to care for the office. Yet one cannot escape seeing indications that the great political parties are coming to their senses in this matter and are inclined to name for vice president men of presidential caliber in every particular. The Democratic party of late years has been the worst offender in respect to the vice presidential nomination. In 1896 Arthur Sewall of Maine, unknown outside his own state, was nominated with Bryan. In 1904 Henry Gassaway Davis of West Virginia, long out of public life and of venerable age, was ticketed with Parker. Each of these estimable gentlemen hurt the ticket. Each was named because he was supposed to possess a "bar" with a loose spigot, but it so happened in each case that the spigot was hammered in and clinched on the inside of the barrel. Not enjoying the favor of the big corporations, the Democracy could not hope for such large campaign contributions as these concerns gave to the Republican party. Money is necessary in a campaign if the other fellow has plenty of it. This year the cash problem seems to be about on an even basis for both sides since public sentiment has relegated the corporation contribution to the muck heap—since also the corporations do not love the Republican party so fervently as of old.

Availability, of course, is a factor in the nomination of vice presidential candidates. For instance, Congressman James S. Sherman of New York has been nominated by the Republicans this year because they believe that he will help to carry the Empire State. Possibly—who knows?—the Democrats may nominate Governor Johnson for second place on their ticket, because it is apparent that he can carry Minnesota, which otherwise surely would be Republican.

But, leaving the current campaign aside, the American vice presidency may be said to be looking up. The constitution provides the vice president as successor to the president should that officer die or be removed before the end of the term to which he is elected. Undoubtedly the constitution makers intended that no man of less than presidential caliber should be made vice president. None of us should run and hide when a nomination to the vice presidency is offered, for there is but one higher elective honor on earth.

NATIONAL CONVENTIONS.

They Succeeded the System of Nomination by Caucus.

Conventions have not always nominated our presidents and vice presidents. For more than thirty years presidential candidates were named by a caucus made up of members of the house and the senate. This system died when in 1824 the caucus insisted upon by Martin Van Buren and other friends of William H. Crawford of Georgia defeated Crawford, which threw the election into the house on account of the scattering electoral vote caused by the entrance of Clay, Calhoun, Jackson and John Quincy Adams in the race. This fracas elected Adams.

The campaign of 1828 in consequence was somewhat demoralized, and in 1831 the Republicans followed the example the anti-Masonic party had set the year before and met in convention in Baltimore to nominate Henry Clay. The Democrats held their first national convention in the same city the following year, nominating Martin Van Buren for vice president. The dominating figure of the party, Andrew Jackson, needed no endorsement of his candidacy for the presidency.

The Democrats in 1835 and 1840 nominated Van Buren for the presidency in Baltimore, and the Whigs nominated Clay in the same place in 1844, when the Democrats named Polk. In 1850 Romulus M. Saunders introduced the two-thirds rule to the Democratic convention, and it was adopted. The customs installed at these earlier conventions which succeeded the tyranny of the caucus chamber have been continued and added to from time to time, and the conventions today are merely the descendants of those that nominated Clay and Van Buren—Charles Wadsworth Camp in Metropolitan Magazine.

Horizon.

A man calls it the horizon where the earth and the sky seem to meet, but a woman's notion of the horizon is the families she can see moving in from behind her front window curtains. If, further, they hang out their washing in a spirit of candor, they are, of course, all the more so. The horizon is caused by a number of things, chief among them the gregarious instinct. Only for this next door would mean as little as tariff revision or pure food or international arbitration. It takes a star or something of that sort to rise above the horizon, but a very ordinary woman may feel above it.—Life.

The Cult of the Hotel.

"Hotel" is a French word, but a thoroughly British institution. If its great hotels were suppressed London would no longer be London—that is to say, the London of society, the theater, literature, politics, art and fashion. The hotel is one of the essential factors of London life—Milan Corriere Della Serra.
